Dear Sir:—I hereby offer you a willing testimony to your valuable Bitters; I hardly know where to find words to thank you for the good it has done me. I would not be without it on any account, and honestly believe that it is the only thing that keeps me alive.

I have recommended it to many of my friends; they all speak of it in the highest terms, which it richly deserves.

You are at liberty to refer any one to me as regards your valuable compound.

WALTER SIMONSON,
63 Fourth street, Williamsburg.

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutching's Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849 39 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist; [illegible] Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

PROFESSOR A. C. BARRY'S

TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing eruptions, sprains, stings, &c., and relieving diseases of the skin, the glands and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivaled. The immense cash sales of the article have enabled the inventor to supply it at the low rate of twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (each [illegible]) [illegible] for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membrane which constitutes the skin, and the hair which draws its [illegible] from this triple envelope, is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, [illegible] [illegible]

New Village of Hermannville.

ONLY $25 FOR A HOMESTEAD.

22 FARMS, worth over $8,500, and 6,400 LOTS, to be distributed among 800 Subscribers.

To supply the demand for the Lots and Farms at Hermannville, I have laid out another tract, adjoining the Long Island Railroad and the land already sold at Hermannville, to be of the same size, and disposed of and divided among the purchasers in the same manner as those recently sold there.

I have been induced to do this from the great number of persons wishing to purchase these Lots and Farms, as the improvements in that part of the Island are constantly increasing, and large numbers of persons have now become interested in these lands. This additional tract is in every respect equal to the other, and at the rate they are now being taken they will all be sold in a few weeks.

Each subscriber is entitled to 8 Lots, 25 by 100 feet, lying together, or a FARM of from 4 to 20 acres. The shares are limited at $25—payable $5 when subscribed for, $5 on or before the day of distribution, and the balance in monthly instalments of $3. If desired, a Warrantee Deed will be made out immediately after the distribution, and delivered directly after paying the balance.

"The lots are situated in the Village of HERMANNVILLE, on the Long Island Railroad, County of Suffolk, and 50 miles from the city of New York, and adjoins Lakeland, also a new village recently laid out, where handsome buildings are erected, and the Railroad Company contemplate making a large depot for the termination of their early and late trains between that place and Brooklyn. It is one of the healthiest places in the United States, and within one mile of Ronkonkoma Lake, a beautiful sheet of water about three miles in circumference, of singular transparency, and of great depth, with an abundance of fish. The village is but 4 miles distant from the great South Bay, which is 5 miles wide and 40 miles long, abundantly supplied with oysters, clams, and fish of various kinds.

These lands will produce as much per acre, with the same cultivation, as any land within fifty miles of the city of New York.

"LONG ISLAND WHEAT.—At the annual meeting of the New York Agricultural Society, held at Albany on the 20th inst., for awarding premiums on Field Crops, we find Suffolk County stands second best—no slight honor—in raising Wheat. Mr. Samuel L. Thompson, of Setauket, received the second premium of $15, for Winter Wheat, 42 bushels 1 peck to the acre.— Mr. Thompson's wheat is of a variety which has been raised but a few years on the island and the yield proves it well adapted to the soil, &c.— The agricultural capacities of Long Island are beginning to be developed."—*Long Islander.*

Setauket is about 8 miles from this land (Hermannville), and is no better by nature than these now offered for sale. This wheat is a new variety, of a superior kind, and was sold for seed wheat at $5 per bushel, and Mr. Thompson received for the product of a little more than two acres, over $400.

There have been raised during the past season the very best of Corn, and *Potatoes 150 bushels per acre*, Egg Plants, and a variety of garden vegetables, on land near the Long Island Railroad, at Lake Road, or Lakeland, where a Post-Office has been established, for which premiums at the Suffolk County Agricultural Fair, held September [illegible]. Also [illegible] toes.

"The following is from the New York Farmer and Mechanic of November 7th 1850, and was written by Mr. STARR, the editor, who visited the lands. The wheat, potatoes, and crops, referred to in the article, were at Lakeland, near Hermannville Station:

"Having a few hours' leisure during the past week, we were conveyed over the Long Island Railroad, to a large tract of the country about fifty miles from New York, which we find to be capable of very successful and profitable cultivation. Although late in the season, and viewed under some disadvantage, we were surprised at the quality and abundance of the crops which had been gathered from a portion of the land, as also the winter crops, which appeared unusually promising. Wheat which had been sown but two or three weeks, presented a beautiful thrifty appearance; while turnips, beets, and other vegetables not yet gathered for winter use, would compare advantageously with the best in the New York market. Potatoes already in the cellar, were very fine, *without a vestige of disease*, and corn standing in the field was not surpassed by much that we saw on lands valued at more than one hundred dollars per acre. Indeed the vegetables which received the premium at the Suffolk County Fair, were raised from a portion of this ground which *had not been under cultivation six months.* Altogether we were very favorably impressed with our visit to these lands, now so favorably offered to the public, at prices which cannot fail to double in a few years, and we would invite the attention of those who desire a cheap and eligible farm to this location."

Hermannville Station is located on the borders of the Long Island Railroad, where cars run several times a day to Brooklyn and New York. The surface of the land is smooth and level, and the surrounding country is perfectly healthy, and within a few miles of this place, highly cultivated and valuable, having been settled for more than a hundred and fifty years, and where similar lands sell at from $50 to $200 per acre.

The distribution will take place in a short time, by a Committee to be selected by the Subscribers from among their number. The person having the first choice will be entitled to a 20 acre farm, worth $900; the second to an 18 acre farm worth $800; the third, a 16 acre farm, worth $800; the 4th, a 14 acre farm, worth $700; the fifth, a 12 acre farm, worth $600; the 6th, a 10 acre farm, worth $500; the 7th and 8th, each an 8 acre farm, worth $400; the 9th, 10th and 11th, each, a 6 acre farm worth $300; the 12th, 13th, 14th, and fifteenth, each, a 5 acre farm, worth $250; the 16th, 17th, 18th, 19th and 20th, each a 4 acre farm, worth $200; and all the others will be entitled to 8 Village Lots, each 25 by 100 feet, lying together. There are no lotteries. This is not a lottery; every person [illegible] for $25 a [illegible] [illegible] will take place [illegible].

MANNER OF DISTRIBUTION OF THE HERMANNVILLE LOTS AND FARMS.

[illegible] Long Island Railroad, at Hermannville Station, 50 miles from the city of New York, [illegible]

[illegible]

The land was once heavily timbered; some portions are now covered with a thrifty growth of young wood, oak and pine. Wood is plenty, and extremely cheap in that part of the Island.— [illegible] that which is suitable to be cut into cord wood, for the New York market, is of a fine pine, [illegible] for a great many years been always considered a cash article on the Island.

There is material on the land for common fencing—[illegible] can be had within a few miles [illegible]. All building materials [illegible] at the [illegible] of Brooklyn and [illegible] at many intermediate places, at the usual market prices. There are numerous streams of water rising in these new lands, and running into the Great South Bay, which are remarkable for their purity, and never fail—indeed, dry weather makes very little change in them. [illegible] are sufficient, and wells are of various depths—probably, over these new lands, in the middle region of the Island, the average depth will be about 25 feet; at Hermannville, as the ground is higher, they are deeper. Subscribers are not compelled to build.

There are now churches and schools within two or three miles of the village; and within four miles, mills, factories, stores and villages. All the privileges of an old-settled county are to be had here; and the people of Suffolk County pride themselves on being a highly moral, orderly, and religious people. All of my subscribers are persons of respectability.

The land can be very easily cleared, and the cost of settlement will depend entirely upon the settler; he can lay out as much or as little as he chooses. I know of no known any objections to the place or to the land for a settlement; and the same labor and industry which make successful and prosperous settlements in other parts of the county, bestowed upon these lands, cannot fail to produce favorable results.

The climate is in every particular healthy and pleasant—the roads are good, and always passable at all seasons of the year—the winters are short and mild, compared to the winters on the main to the north of the highlands—there is seldom sleighing more than two or three weeks on the Island.

What is remarkable, a crop is seldom injured by drought—there is no part of the country where there is so little injury from drought as on Long Island; nor is there any injury from wet—there is no wet or cold land on the Island. All the land along the margin of the streams can be made highly valuable at a small cost, for there is no such thing as a flood or freshet, as in the interior part of the country, by which often very great damage is done to such an extent as the carrying off a bridge, or the breaking of a mill-dam, with great damage, is [illegible] on Long Island. The streams and bays abound in fish and wild fowl, in great abundance, and every variety.

The land is now being surveyed, and the lots and farms staked out, so as to designate each lot and farm as laid down on the Map, thereby saving subscribers from any expense for surveying.— Persons wishing to avail themselves of the splendid chance for a Homestead or Farm offered above, must apply soon.

In consequence of the great number of letters from all parts of the country, desiring information of these lands, it has been found necessary to answer them in this form.

☞ Apply to Thomas Wood, Stationer, 117 John street, near Pearl, N. Y., or Charles Wood at the same place, either of whom will receive remittances and forward receipts therefor by return of mail. They will also gratuitously furnish [illegible] sired. CHARLES WOOD, 117 John st., N. Y.

I also desire to say that I have good Farming Lands west of my Village Lands, which I will sell in 5 acre lots or upwards, at from $20 to $50 per acre. These lands are well situated for farming and garden purposes, in every respect.

JENNY LIND DAGUERREOTYPES

As there is a deal of excitement caused by the Swedish Nightingale, so there is about the *life-like* Pictures taken by WILLIAMS. Have you visited his rooms? if not, do not fail to soon, because he has made up his mind, to stay in Newport but a few weeks longer. What a token of remembrance is a perfect likeness! When friends are removed from us, with what pleasure can we bring their features to our eyes by having that which no family should be without; it brings to our mind those joyous hours which we long to review. Then, reader, make it your duty to drop in to the place of remembrance, and you will never be sorry. The subscriber has all the latest improvements in the art, and by the present process he is enabled to take correct likenesses in the short space of 3 seconds.

NEWPORT,

BY CRANSTON & NORMAN,
127 Thames Street.

TUESDAY MORN'G, APRIL 22, 1851.

THE LIGHT-SHIP AT BRENTON'S REEF.—We have been requested by several Pilots and Ship Masters, to call the attention of the proper departments to the importance of causing this Light-Ship to be built, furnished, and placed at her destined post, as early as possible during the coming summer; and we cordially make known their wishes in so important an enterprise, and one which interests to a considerable extent all classes of society. When, as in this case, no doubt can reasonably exist, as to the feasibility of the project, and with the season rapidly advancing when ship building can be the most advantageously performed, we conclude that no long delay in the matter of specifications, and proposals, will be considered advisable. In some instances, and in fact in every case, when appropriations are made by Congress for Light-Houses, Light-Ships, &c., we believe the Secretary of the Treasury is empowered or authorised to cause such examinations to be made as may be thought necessary, previous to locating such beacon or ship, for the safety of commerce. In the present case, from what we can learn from those fully conversant with the subject, we believe that the Secretary would be justified in immediately causing to be built a Light-Ship for Brenton's Reef, without any resort to preliminary surveys, other than such as might be necessary to fix upon the precise point of location with reference to the reef. But these are questions best known to the proper authorities, and in alluding to the subject, we do so at the solicitations of our commercial friends whose knowledge of the coast, and its consequent wants or means of protection, is better than our own.

We hope they may soon be gratified to learn that movements are under way to effect the desired object.

☞ A merchant of Granada, Nicaragua, named J. C. Hall, who left in the steamer Mexico on the 5th inst., has been giving the New Orleans papers his views of matters there. He reports that many of the Americans [illegible] the inhabitants of the towns and villages unwilling to trade with them, have renounced their efforts to establish business relations, and re-embarked for the United States. No reason is assigned for this dislike of the Nicaraguans beyond the somewhat stale and foolish one of "British intrigue." Murder had occurred on the isthmus; the name of one murdered person is given—that of Mr. A. C. Maynard. Mr. D. W. Mooney, of St. Louis, was attacked and wounded, but escaped to San Juan.

The so called musquito King was paying a visit along the coast, and would be absent some time.

THE CUBA BUSINESS.—It seems not at all improbable that the Cuba story has its origin after all in the following circumstance mentioned by the Savannah Republican of the 16th:—

It is true, according to information which we have procured, that several young men from the Cherokee country, having heard that there was an outbreak in Cuba, came down the Central railroad on Thursday last, as far as the twenty mile station, to offer their services to Gen. Gonzales. The report being premature, however, these gentlemen were remanded back by General Gonzales, and returned up the road yesterday morning.

☞ A new difficulty has arisen in the glass palace for the World's Fair. During a violent shower many panes of glass were broken, and all the sparrows in Hyde Park, and St. James' Park availed themselves of the opportunity to enter. It is estimated that there are at least three hundred thousand of these birds in the building, and much alarm is entertained lest they should damage the goods and annoy visitors. To get rid of them is no easy matter. To shoot them would be destruction to the glass, and the Council of Supervision have sent to Edinburgh for thirty of the best falconers who will come to London in their national custume. The chase is to commence some days before the exhibition.

Dr Cox and Jenny Lind.—The stanza, taken from an album, which Dr. Cox published a while ago as a production of JENNY LIND'S Muse, turns out to have been copied from BOGATSKY'S "Golden Treasury"—an excellent book, which it is gratifying to know that the lady appreciates.

A printing machine for composing and distributing, on an entirely new principle, is to be shown at the Great Industrial Exhibition.

THE DECLARATION OF INDEPENDENCE.

AN AMUSING PARODY.

It is not often we come across a more amusing parody than the following.—Where it started is more than we can say—we simply see it stated, in one of our exchanges, that a tavern keeper, once upon a time, having acquired considerable property, grew very careless, and so offended the lawyers by whom his house had for many years been visiting that during a crowded session of the court, they with one accord forsook him, leaving behind them the following parody on the Declaration of Independence:

When, in the course of human events, it becomes necessary for a half-hungry, half-fed, imposed on set of men, to dissolve the bands of landlord and boarder, a decent respect for the opinions of mankind requires that they should declare the causes which have impelled them to the separation.

We hold these truths to be self-evident: all men are created with mouths and stomachs; and they are endowed by their creator with certain inalienable rights, among which are, that no man should be compelled to starve, out of mere compliance to a landlord, and that every man has a right to fill his stomach and wet his whistle with the best that's going.

The history of the present landlord of the White Lion is a history of repeated insults, exactions and injuries, all having in direct object the establishment of absolute tyranny over our stomachs and throats. To prove this, let facts be submitted to a candid world.

He has refused to keep anything to drink but baldface whisky.

He has refused to set upon his table for dinner anything but turnep soup, with a little rouge-beef and sour-crout which are not wholesome and necessary for the public good.

He has refused to let his only servant, blink-eyed Joe, put more than six grains of coffee to one gallon of water.

He has turned loose a multitude of musquitoes to assail us in the peaceful hours of the night and eat out our substance.

He has kept up, in our beds and bedsteads, standing armies of merciless savages, whose rule of warfare is undistinguished destruction.

He has excited domestic insurrection among us, by taking bitters before vant do the same before dinner, whereby there is often the very deuce to pay.

He has waged cruel war against nature herself, by feeding our horses with broom-straw and carrying them off to drink where the swine refuse to wallow.

He has protected blink-eyed Joe in his villainy in the robbery of our jugs, by pretending to give him a mock trial, after sharing with him the spoil.

He has cut off our trade with foreign ports, and brought in his own bald face whisky, when we had sent him to buy better liquor abroad; and with perfidity scarcely paralleled in the most barbarous ages, he has been known to drink our foreign spirits, and fill up our bottles with his own dire potions.

He has imposed taxes upon us to an enormous amount against our consent, and without any rule but his own arbitrary will and pleasure.

A landlord whose character is thus marked by every act which may define a tyrant and a miser is unfit to keep a boarding-house for Cherokee Indians.

Nor have we been wanting in our attention to Mrs. B. and Miss Sally.—We have appealed to their native justice and magnanimity; we have conjured them to alter a state of things which would inevitably interrupt our connection and correspondence. They, too, have been deaf to the voice of justice; we are, therefore, constrained to hold all these parties alike inimical to our well-being and regardless of our comfort.

We therefore make this solemn declaration of our final separation from our landlord, and cast our defiance in his teeth.

THE NEW YORK SUNDAY DISPATCH.—This paper announces this week a great variety of attractions. First, a new story, entitled "Bertha Gray; or the Parish Apprentice Girl," from the pen of one of England's best writers, illustrating the pauper system, and the cruelties practised upon those poor friendless waifs of humanity, who are bound out as apprentices. Next, we are to have a supplement containing some 18 columns of extra matter, and any quantity of interesting and original reading matter.

DESTRUCTIVE HURRICANE.—We learn from the Cleveland Plain Dealer that the South-eastern part of Crawford county Ohio, suffered Saturday 12th inst, from a dreadful hurricane. Large flocks of sheep were totally destroyed. Houses were blown down like pasteboard toys, and whole miles of fences were prostrated. Fences and orchards were rooted up in every direction.

RIGHT OF OCCUPANTS TO GROUND IN FRONT OF THEIR HOUSES.—At Philadelphia, on Saturday, an action was brought by a hackman to recover damages from a police officer for assault and battery. The circumstances were—Kee, the hackman was standing in front of the United States Hotel, and was ordered to leave by the proprietor. On his refusal an officer was called and Kee was arrested. This constituted the assault. Judge Parson said in his decision, that every man owns the ground in front of his house. He has given to the public a right to pass and repass over it, but in all other respects it is as much his property as any other part of the premises. No one has a right to stand or carry on any business in front of any man's house, and if he is thus annoyed and notifies the party to leave, on a refusal, sufficient force may be used to compel the offender to go. The case was dismissed.—*N. Y. Courier.*

NARROW ESCAPE.—We understand that the steamship America, Capt. Shannon, which arrived at this port yesterday noon, was placed in a very perilous position when running in for Boston harbor. The officers of the ship, not knowing of the destruction of Minot's Light, the night previous, were running in for it as usual, and had got within full view of the Glades House, and in the immediate vicinity of the breakers, before they discovered the dangerous situation of the vessel. They were somewhat astonished at first from the disappearance of the light house, but the peculiar structure of the Glades House, which could be distinctly seen, soon made them acquainted with the locality, and consequently the ship was immediately put about for more agreeable quarters. Had they made that point a few hours previous, the ship would doubtless have struck, and sad indeed would have been the result.—*Boston Courier.*

☞ An Alabama paper gives an account of the divorce of a woman from her husband, (a Mr. Put.) It seems "she would not stay *put*."

She was evidently *put out* about something.

THE LIGHT HOUSE AT MINOT'S LEDGE—Mr. Bennett on Saturday visited the He found that the iron piles on which the Light House rested, were all *broken short off*, at distances of from three to six feet from the rock. The stumps are all inclined to the westward, showing that the piles were broken by the action of the easterly sea.

Nothing has yet been seen of the bodies of the drowned men.

A writer in a late English Magazine, treating of the general principles of insurance, asserts that the Government might be able to dispense with all direct and indirect taxes, if it would only take the entire business of insurance against losses by fire, storm, crime, dishonesty, death, &c. He takes the large number of offices already engaged in the different branches of the business, shows what their profits must be, and then compares the result with the present cost of government, to demonstrate that insurance alone would provide an ample national revenue. M. Girardin, the editor of the distinguished journal, La Presse, strenuously advocates the same view, and labors to bring the subject prominently before the attention of the French people.

TRUE HONESTY.—Some years ago, two aged men, near Marshalton, traded or according to Virginia parlance, swapped horses, on this condition—that on that day week the one who thought he had the best of the bargain should pay to the other two bushels of wheat.—The day came, and as luck would have it, they met half way between their respective homes.

"Where art thou going?" said one.

"To thy house with the wheat," answered the other. "And whether art thou riding?"

"Truly," replied the first, "I was taking the wheat to thy house."

Each, pleased with his bargain, had thought the wheat justly due to his neighbor, and was going to pay it.

☞ The New York Correspondent of the Burlington Courier says:

"It is rumored among the 'inner circles' that Dr. Wm B. Moffat, the proprietor of the celebrated Life Pills and Phœnix Bitters, loaned, or has been requested to loan, Louis Napoleon one million of francs. Dr. M. became acquainted with M. Napoleon several years since, while on a visit to Europe, and made the tour of England, Ireland and Scotland with him. They have kept up a friendly correspondence, so it is said, ever since."

This a first-rate puff for the "Phœnix Bitters."

PHENOMENA OF SOUND.—In the Arctic regions, persons can converse at more than a mile distant, when the thermometer is below zero. In air, sound travels from one thousand one hundred and thirty, to one thousand one hundred and forty-two feet per second. In water, sound passes at the rate of four thousand, seven hundred and three feet per second. Sound travels, in air, about nine hundred feet for every pulsation of a heavy person at seventy-five in a minute. A bell sounded under water, may be heard under water at one thousand two hundred feet distance. Sounds are distinct at twice the distance on water, that they are on land. In a balloon, the barking of dogs on the ground may be heard at an elevation of three or four miles. On Table Mountain, a mile above Cape Town, every noise in it, and even words may be heard distinctly.—The firing of the English, on landing in Egypt, was distinctly heard one hundred and thirty miles on the sea. Dr. Jamieson says, in calm weather he heard every word of a sermon at the distance of two miles.

DIED.

In this town, 19th inst, Francis Olivia, daughter of John and Francis Easton, aged 7 years and 7 months.

"Thy child has sought a brighter home,
Her heavenly Fathers rest;
Her aching head lies pillowed sweet
Upon an angel's breast.

Then dry thine eyes, and weep no more
Fond parents, thou are blest—
An angel took thy child above,
To her eternal rest."

On the 3d inst, at the residence of his son, in Union County, Indiana, Joseph Paddack, formerly of Nantucket, in the 92d year of his age. A member of the Friends' society. He was one of those, of whom few now remain, who was incarcerated in the course of the Revolution, on board the notorious prison ship "Jersey," at New York.

We publish the following at the request of Gov. Lawton, Collector of this port.

LIFE ASSURANCE.

ÆTNA INSURANCE CO., HARTFORD CONN. ANNUITY FUND, $150,000.

Safety—Stability—Economy.

THIS long established and well known company having organized a new department for life-assurance, with an entirely distinct capital exclusively pledged with its reserved accumulations for the payment of losses upon life-assurance only, is prepared to issue policies on lives at rates materially reduced from those charged by the mutual companies, and as low as is consistent with ultimate safety. The system adopted by this company is to ascertain precisely what it is worth to insure a certain amount upon a life, and to charge precisely that sum and no more; and not to require a larger premium than is actually requisite for the purpose, with the promise of return hereafter in the delusive name of profits or dividends, the excess of premium which ought never to have been taken. It is attended with none of those vexations contingencies which are inseparable from the mutual system; it is perfectly simple as well as uniform and equal in all its operations.

Policies will be granted in the usual form, payable after death, or upon the party's arriving at the age of 40, 45, 50, 55, or 60, at his option; in either case free from the claims of creditors. The usual extra risks will be assumed by the company at reasonable rates.

THE PHILOSOPHY OF DALLEY'S GENUINE PAIN EXTRACTOR.

(Not Theoretically, but Practically Illustrated From Noah's Sunday Times, of Feb. 2, 1851.

NOT A PUFF—A few days ago the clothes of the little daughter of one of the proprietors of this paper accidentally took fire, and its grandmother, in her endeavors to extinguish the flames, was unfortunate enough to burn one of her hands to a blister. She was suffering great agony, and the only remedy immediately available being Dalley's Pain Extractor, that was freely applied. Incredible as it may seem, the next morning the effect of the burn had entirely disappeared, and the hand was as sound as ever. As this occurred under our own eyes and notice, we cannot refrain from advising every family to have a supply of it within reach in case of accident. The depot for its sale is at the corner of Broadway and Lispenard street.

AYER'S CHERRY PECTORAL,

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH AND CONSUMPTION.

This truly valuable Remedy for all diseases of the Lungs and Throat, has become the chief reliance of the afflicted as it is the most certain cure known for the above complaints. While it is a powerful remedial agent in the most desperate and almost hopeless cases of Consumption, it is also, in diminished doses, one of the mildest and most agreeable family medicines for common coughs and colds. Read below the opinion of men who are known to the world, and the world repose their opinions.

FROM PROFESSOR HITCHCOCK.

"James C. Ayer—Sir: I have used your "CHERRY PECTORAL," in my own case of deep-seated Bronchitis, and am satisfied from its chemical constitution that it is an admirable compound for the relief of laryngial and bronchial difficulties. If my opinion as to its superior character can be of any service you are at liberty to use it as you think proper.

EDWARD HITCHCOCK, L. L. D.,
President of Amherst College.

From the "LONDON LANCET."

"AYER'S CHERRY PECTORAL is one of the most valuable preparations that has fallen under our notice. After a careful examination, we do not hesitate to say we have a large appreciation of its merits and the fullest confidence in its usefulness for coughs and lung complaints."

Dr. Brewster, of Windham Co., Conn., sends us the following testimony,—

Dr. J. C. Ayer—Dear Sir:—I enclose you a certificate from Mrs. Catherine K. Cady, a highly respectable lady of this village, wife of Mr. Seth Cady, Deputy Sheriff, Windham Co., Connecticut. The cure in her case was very prompt, and has attracted general attention.

W. A. BREWSTER, M. D.

WEST KILLINGLY, Ct., Sept. 28, 1848.

This may certify that I was afflicted with a very severe cough in the Winter of '47 8, which threatened to terminate in Consumption. I had tried many medicines in vain and was cured by the use of "AYER'S CHERRY PECTORAL."

CATHERINE K. CADY.

DIRECT EVIDENCE.

Dr. J. C. Ayer, Lowell—Dear Sir:—Feeling under obligations to you for the restoration of my health, I send you a report of my case, which you are at liberty to publish for the benefit of others. Last autumn I took a bad cold, accompanied by a severe cough, and made use of many medicines without obtaining relief. A friend gave me a bottle of your CHERRY PECTORAL the use of which I immediately commenced according to directions. I now sleep well, my cough has ceased, and all by the use of your medicine.

E. S. STONE, A. M.
Principal Mt. Hope Seminary.

From Dr. Bryant, Druggist and Postmaster, Chicopee Falls, Mass.—

Dr. J. C. Ayer—Dear Sir:—Enclosed please find remittance for all the CHERRY PECTORAL last sent me. I can unhesitatingly say, that no medicine we sell gives such satisfaction as your's does; nor have I ever seen a medicine which cured so many cases of Cough and Lung Complaints. Our Physicians are using it extensively in their practice, and with the happiest effects. Truly yours, D. M. BRYANT.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other impure diseases of the Blood—and if the VERY SMALL QUANTITY [illegible] used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the Medicine which has subdued and conquered such diseases—there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, *in every respect;* and there is abundant proof, in our pamphlets, that ONE BOTTLE of it contains more purifying, healing virtue, and *medical power,* than is contained in FOUR BOTTLES of any Sarsaparilla, or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great *Indian Purifier,* they that were DYING yet LIVE—they that were LAME and CRIPPLED now do WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used *BRANT'S PURIFIER,* after having used [illegible] all the *Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that

Brant's is the Cheapest;

because *one bottle of it* has *more* medical, curative matter in it, and, in consequence, cures *more disease,* in much *less time,* than *one* bottle of any other medicine.

If, then, *one bottle* of BRANT'S PURIFIER will cure FOUR TIMES as much disease than *one bottle of Sarsaparilla*—"BRANT'S PURIFIER" would be as *cheap at four dollars* a bottle, as *Sarsaparilla* at one dollar. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has cured, and is *capable* of curing, FOUR TIMES as much disease as one bottle of *Sarsaparilla,* therefore, Sarsaparilla, in consequence of its *less* power and *less* medical efficacy, should be sold at no more than *twenty five cents* per bottle, to be as *cheap* as the PURIFIER at *one dollar.*

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth of BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who *yet lives.* He was cured of a worse case of SCROFULA, by only *twelve bottles* of Brant's Purifier, than ever was cured by the use of *twelve hundred bottles* of the *best Sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *virulently hopeless* case.

Mr. J. B. HASKIN, *of Rome, Oneida Co., N. Y.,* had Scrofula *four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used six of the *best Sarsaparillas* to no good effect—got worse and worse, and was considered to be in a *dying state,* and could not live *twenty-four hours longer,* when he commenced using BRANT'S PURIFIER. His neck was *eaten nearly off, from ear to ear; a hole was eaten through the windpipe,* under his chin, so that he breathed through the hole; his *ear* was so eaten around that it could be *lifted up* out of its place, it only holding by a *small piece;* the use of *one arm* was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly *eaten through his side into his body.* Thus he was afflicted with *twenty such putrid, acrid, offensive ulcers,* on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skillful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world* would not *cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT,* of *Bissell & Leonard,* druggists of Rome. I commenced using that, and *began to get better.* That bottle enabled me to *get off my bed,* where I had been confined *one year;* the second bottle enabled me to *get out of the house;* the third bottle enabled me *to walk two miles,* to Rome Centre, where I procured *six bottles* more; and when I had finished using them, *seventeen* out of *twenty* ulcers had *healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health.*"

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. B. R. BROWN, proprietor of the *West-Rome Hotel*—Messrs BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses.*

ULCERS CURED.

[illegible] CHENEY, merchant, *Clinton,* [illegible] N. [illegible] that a cancerous ulcer [illegible] terrible case of CANCER, [illegible] BRANT'S PURIFYING EXTRACT. [illegible] N. Y. [illegible], of [illegible] informed us of [illegible], which was effected [illegible]. Therefore, this PURIFIER *cures Cancers* [illegible] healing power, what impure disease [illegible] not cure? Seven years' experience [illegible] there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, wrote to us: "I have just received a letter from Mr. CHENEY DUNNING, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian [illegible] in the church. Some years since he had to have one of his legs *cut off,* to save his life, in consequence of a Fever sore. The other leg being now affected, [illegible] to be amputated, I recommended BRANT'S MEDICINE. Read the result. He says: '*I have used only three* BOTTLES of BRANT'S MEDICINE. *I placed* [illegible] your recommendation, in that *Medicine,* and I can [illegible] say that, with the blessing of God, *it has effected a cure* [illegible].'" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.,* one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured* by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half as certain and effectual* in *restoring* ALL the incidental weaknesses and irregularities of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be suppression, excess, or other weakness—it REGULATES ALL, by *strengthening the* SYSTEM, *equalizing the* CIRCULATION, and soothing *and allaying* NERVOUS IRRITABILITY. ☞ See pamphlets.

CHANGE OF LIFE,

from the girl to the woman, and the woman *of middle age*—the one case is *accelerated,* and the other so *gradually supported,* as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co., *February* 1, 1848.

"M. T. WALLACE & CO.—*Gentlemen:* I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *cured and relieved the usual pain after eating.* I then procured a second bottle, which has completely cured the disease. I am now well and hearty, and I can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHŒA, &c.

"BYRON, GENESEE CO., N. Y., *Oct.* 13, 1847.

"Messrs. M. T. WALLACE & CO. Some time last winter my wife became so debilitated from the effects of *Lucorrhœa* and *Nursing Sore Mouth,* that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until our stock was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty-five pounds; but by the time she had taken *four bottles,* she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in *five weeks.* Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "our stock." He, we are informed by Z. S. TERRY, Esq. of the same place, has studied Medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect antidote,* as it neutralizes *all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system;* and it restores the *blood, muscles,* and *all the parts* diseased, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLTSTANDER, merchant, *Oberlin, Lorain Co. Ohio,* wrote, December 13, 1848, and after having stated how much the PULMONARY BALSAM had effected in the cure of his wife's consumptive cough, said: "I have personally used *BRANT'S PURIFYING EXTRACT* for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In every instance where we have sold BRANT'S MEDICINES, they have proved their efficacy, and given the BEST satisfaction."

SALT RHEUM,

and all impure chronic diseases *of the blood,* are always cured by BRANT'S EXTRACT.

THE GREAT

RENOVATOR OF THE BLOOD AND DISEASE EXTERMINATOR.

EXPERIENCE is the Basis of all Real Knowledge.—To SEE and to FEEL is to KNOW, and that which is seen and known must not be contradicted. When Galileo announced the discovery of new planets, the Aristotelians said, "This is impossible!" Galileo replied, "Look through my telescope, and behold." The philosophers rejected. "We will not look lest we should see them." There are a few people *now-a-days* so silly that they will not look at facts lest some prejudice should be disturbed. These persons are, however, not numerous, and their stupidity injures nobody but themselves. The character of Dr. S. P. Townsend's Compound Extract of Sarsaparilla rests upon universal experience alone. Without this solid foundation, it never could have attained the widespread popularity which it at present enjoys. Its value and medicinal efficacy being thus demonstrated by the experience of thousands, it is only necessary to say that science sanctions and verifies the verdict.

Dr. JAMES R. CHILTON,

a PHYSICIAN and CHEMIST of the highest rank, superintends the compounding of this Sarsaparilla.

Dr. S. P. Townsend's Sarsaparilla has proved to the satisfaction of thousands, to be the GREAT PURIFIER of the BLOOD and FEMALE STRENGTHENER. It will not reduce the already debilitated, its TONIC ACTION being such as to STRENGTHEN, as well as to regulate the bowels.

HOME TESTIMONY.

SALT RHEUM,
OF MANY YEARS STANDING.

The following evidence of the efficacy of Dr. S. P. TOWNSEND'S EXRACT OF SARSAPARILLA in Cutaneous Diseases, is well worthy the notice of those afflicted with such disagreeable eruptions:

NEW YORK, August 6, 1850.

DR. S. P. TOWNSEND—Dear Sir: I am most happy to acknowledge that, after suffering for nearly nine years with the Salt Rheum in a very aggravated form, and being abandoned as incurable by several of our first physicians, I was finally persuaded to try your far-famed Sarsaparilla. The effects were soon perceptible, and when I had used ten bottles, to my great surprise I found myself not only cured of that most disagreeable and irritating disease, but my general health was so much improved that it astonished my family and friends. Since then I have advised others to make use of your Medicine, and have noticed its wonderful effects curing in numerous diseases, not altogether caused by a bad state of the blood.

Yours most respectfully,
Mrs. JANE SHAW, 105 Third Avenue.

P. S. You have my consent to publish the above; and it will give me great pleasure to state my case personally to any lady that is similarly afflicted.

COUGHS AND COLDS.

Dr. S. P. Townsend's Sarsaparilla contains just the qualities that are requisite in these cases. It acts as a mild alterative and expectorant, thus changing the action of the system, and enabling it to throw off the complaint. The number of instances in which Coughs and Colds have been cured by this preparation is immense.

BROOKLYN, June 13, 1850.

Dr. S. P. Townsend—Dear Sir: I was taken sick about a year ago, which was thought by many would result in Consumption. I had used "old Dr." Jacob Townsend's (as he is called) Sarsaparilla, which done me no good. I then tried yours, and am most happy to say it has entirely cured me. I am a clerk of Col. JAMES T. JACK, Esq., COUNSELLOR at LAW, Montague Hall, in this city.

Yours, &c.,
WILLIAM NEWTON SHEFFIELD.

DYSPEPSIA AND NERVOUS DEBILITY.

MESSRS NESTRAND & BACH.

Gents:—Gratitude will no longer prevent my acknowledging to you how much I have been benefitted by the use of Dr. S. P. Townsend's Sarsaparilla. For nearly a year I have been afflicted with Dyspepsia and Nervous Debility; I had become almost discouraged, as my physician's prescriptions were every day the same: "You require no medicine, but exercise in the open air, my good lady, or you will never get well." Feeling as I then did, this was not practicable. So I began, through the recommendation of Mrs. Carman, in Johnson st., to take Dr. S. P. Townsend's Sarsaparilla. She said it would strengthen and give an appetite, if nothing more. By her advice, sent $2, and obtained three bottles. Before I had taken all of the first bottle, began to feel stronger, and spirits much improved—began to go out more or less every day. I have not taken all of the third bottle, as I find a tea-spoonful now to have more effect than two table spoonfuls did at first. This, I have been told, is one of the great secrets of the success of your medicine; that instead of increasing, the dose is diminished. I am now enjoying better health than I have before for a year. As I am well known to many in your city as well as in Brooklyn, it might be to your interest to publish this, which you have my consent to do.

Yours, &c. MRS CAROLINE GRAHAM,
Music Teacher, Prospect street, Brooklyn.

BRANT'S INDIAN PULMONARY BALSAM

has cured very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated and diseased* LUNGS—*such* HOPELESS *cases as were never before cured by any other medicine. So utterly hopeless were some of the afflicted persons, as to have been pronounced by physicians and friends to be actually DYING. Some, who had their burial clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.*

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

THIS BALSAM HEALS AND CURES ULCERS *in the LUNGS,* and elsewhere internally, *as certainly and easily as the* PURIFYING EXTRACT *cures and heals ulcers externally.* This Balsam cures *nine cases of Cough and Consumption out of* TEN, *after all other remedies have failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its unbounded curative power, and soothing, healing properties, in the following complaints and diseases, viz: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery* and *Summer Complaints* in *Children* and *Adults,* and ALL FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the *particulars* of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many other, almost equally hopeless,* and *innumerable cases of Cough and Consumption CURED,* which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan,* about the 1st of January, 1849, wrote as follows: I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs,* as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved,* and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN!

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania,* wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years,* was cured by the use of BRANT'S BALSAM.

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio,* wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption,* had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon *inhabit a grave.* But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man!*

S. D. DANN, Esq., *merchant and postmaster at Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his CURE, and all the above-named facts.*

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Owego, Owego Co., N. Y.,* respectable druggists, wrote to us: "We have just heard, through Mr. Williams, a respectable citizen of this place, of an important cure of *Consumption,* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible *for her to live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM,* and its medical efficacy has raised her *from a* DYING BED, so that she is NOW *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.,* said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that *it had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it *was useless to take any more medicine.* He then, *when no hope was left,* began to take BRANT'S BALSAM—GOT WELL—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.,* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons,* several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 21, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs,* and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the country. He used only *five bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father *says no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y., January* 16, 1848, said: "*Your* BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and give better satisfaction, than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *languishing* and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE *with a Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is well."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, *in children or grown persons,* cured without *any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum,* or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases be used in twice as *large potions* as the directions on each bottle prescribe, until the complaint is checked.

'DOCTORS CALL IT WONDERFUL'

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.,* wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful* cures of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit these persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicine; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y., January* 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly* and *give better satisfaction,* than all the other medicines we have for sale.

DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE

AND

MAGNETIC FLUID

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the

NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1849.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About fourteen years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My *Dyspepsia has never returned;* the Rheumatism comes in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection *is entirely cured.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,
Prepared by
Dr. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters,* invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored to health."

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug,* and therefore a medicine of which he was the inventor and endorser, may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female or infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

THE VERANDA.

Eating and Lodging House on the European plan

THE subscriber has taken the building No. 5 Pelham street, and fitted it in excellent order, for the accommodation of citizens and strangers. The Lodging rooms are large, airy, and well furnished. His table will be always supplied with the best STEAKS, CHOPS, FISH, GAME, &c. together with every delicacy to be procured in the New York market.

He has made arrangements for a constant supply of OYSTERS from New York, which will be served up in all the various modes. Oysters by the Quart or Gallon.

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, no more rotting is thus made. It is emphatically the female's friend.

Warranted to give perfect satisfaction, or the money will be refunded.
